The following ministries failed to meet the 1951 plan for production of chief types of goods: Ministry of Light Industry -- raw silk, silk fabrics, cotton yarn, hosiery, knit underwear, hard and chrome leather goods, Moscow leather, footwear, and jute fiber; Ministry of Meat and Dairy Industry -- meat, butter, sour milk products, and brynza (cheese); Ministry of Food Industry -- canned goods, vegetable oil, rice, raw alcohol, and bottles; Main Administration of Construction Materials Industry -- brick and lime; Ministry of Local Industry -- coal mining, brick, roofing tile, lime, aluminumware, carriages, lumber, cotton fabrics, new footwear, and outer leather garments; Council of Industrial Cooperatives -- brick, lime, outer leather garments, footwear, silk fabrics, carts and other vehicles, new furniture, and salt mining; Union of Invalids' Cooperatives -- footwear.

Tadzhik kolkhozes and sovkhoses fulfilled the state plan for raw cotton procurement on 17 December 1951. Eighty percent of choice and first-quality cotton was delivered to the state. The plan for the harvest of cotton within the republic was exceeded.

The republic fulfilled the state grain procurement plan ahead of schedule.

The state plan for sowing of winter grain crops for the 1952 harvest was fulfilled.

The work of preparing the soil for spring 1952 sowing was greatly expanded. As of 31 December 1951, 25 percent more fall plowing was done in kolkhozes than in 1950, and the plan for storing seeds of spring grain crops and bean crops was exceeded.

The plan for autumn and winter repairing of tractors for the fourth quarter 1951 was fulfilled 107 percent by MTS of the Ministry of Cotton Growing and 78 percent by MTS of the Ministry of Agriculture. Kolkhozes have begun repairing and preparing agricultural machines and equipment for spring field work.

In 1951, MTS of the republic completed 21 percent more tractor work than in 1950.

As a result of the new reduction of state retail prices on food and industrial consumers' goods, effective on 1 March 1951, the increase in purchasing power of the ruble and the increase in real wages of workers and employees and in incomes of kolkhoz farmers and sales of goods in the state and cooperative trade network have considerably increased.

The plan for retail commodity turnover and turnover in public eating enterprises in 1951 was fulfilled 103 percent, including 102 percent for turnover in the retail trade network and 107 percent for turnover in public eating enterprises.
